## Planning for our Future

**Mayor Cherie Wood**

The City will embark on drafting our 10-year General Plan this year. It is an exciting time for us to decide how we want our City to grow and thrive into the future. This broad planning tool is our guiding document that outlines vision, values and goals for the City. While state code requires we have a plan in place to address land use, transportation and housing, our General Plan encompasses these topics and many more. This plan also looks at parks, recreation, civic, educational and cultural activities in addition to the underlying infrastructure that supports it all.

As we look to our last General Plan in 2009, it is remarkable to see our progress and how we have gained strength and stability. We carry on our tradition of local control and customer oriented services – all while building a better City. A few highlights we accomplished over the past 10 years:

**Promise South Salt Lake** – we set out to move the needle on education and have done just that

**Establish a Downtown** – located a WinCo grocery store, new housing and the Mill is underway

**Streetcar** – the S-Line added 4 transit stops and has spurred redevelopment all around it

**Arts** – Established a Creative Industry Zone, Arts Council events and public arts projects

**Parks & Trails** – Adopted Parks Master Plans; built new, expanded & improved parks citywide; Parley's Trail completed; built 1.25 miles of Mill Creek Trail and built bike lanes

We are no longer a pass through community. Citywide we have added housing and job opportunities. We have a thriving arts community, a diverse resident base and dedicated employees serving you. Your City Council and I are committed to capitalizing on our successes and seeing to it that the next decade is equally as noteworthy.

Over the course of the next year we will be identifying needs, outlining goals and obtaining your feedback. Your input is essential in this process. We will work to gather bold ideas to lay the groundwork and formulate a plan for our future. Together I am confident we can make the next 10 years even better than the last.

## Water Division Fast Facts

Each month of 2020, we will take a look at a service, utility or function of the City. This will provide a look at of how things work and will also provide contact information if you have questions. Up first is the Water Division, part of the Public Works Department.

### HOW IT WORKS:

- 8 Employees keep the water flowing, repair breaks and monitor quality
- Customers reside between 2100 to 3300 South (south of 33rd is Jordan Valley Water)
- 3,500 water connections
- 540 hydrants
- Groundwater comes from 3 wells and is stored in 4 tanks
- SSL purchases additional water from Jordan Valley Water during peak season
- Majority of water infrastructure installed in the 1940 & 50s
- All water meters are electronic, providing accurate, real-time readings
- Water quality is monitored 24 hours a day
- City Water complies with County, State and Federal requirements
- Annually we publish a Water Quality Report

### WHO TO CONTACT:

**Emergency  
Preparedness**

**Preparedness Tip #2: Create an Emergency Exit Plan and Designate Meeting Areas**

Take a moment to imagine there is an emergency in your home and you need to exit in a hurry. What are the best escape routes from your home? Are there family members who need assistance exiting? Find at least two ways out of each room. Then determine the equipment and supplies necessary to get out safely. Once you have written down the routes, you've got the beginning of a plan that can be expanded upon.

Designate two areas where your family can meet in the event of an emergency. Choose one right outside your home in case of a sudden household emergency and select a second meeting place approximately one block from your home in the event of a larger incident. Lastly, practice, Practice, PRACTICE.

## City Council Corner – Celebrating History with Love

*By Natalie Pinkney, City Council At-Large*

February marks the celebration of Black History Month. For the next 29 days we honor the leaders and citizens who made it possible for someone like me to sit on our council. As I think about the journey Black Americans have made in our country, I am reminded of a quote dear to my heart by the great American author bell hooks, that "there can be no love without justice." Justice is what allows us to live in harmony as a community of people who look different, believe different, and represent a diversity of backgrounds.

It is the love that harmonizes our communities to rise above our differences. Love pushes us past the fears of new faces, new perspectives, and distinct experiences. Love shows us that while we may not start out by embracing the unknown, we are nevertheless improved by it and as we improve so does our world. It is everyday people, deciding to accept others that bring our communities together. This month I urge us all to think about the faces of our community, old and new, and to strive to meet them not with resistance, but with the love that allows us all to achieve our highest potential.

*Note: Opinions expressed here may not be representative of all Members of the City Council.*

## STORMWATER

Get your mind in the gutter,  
let's keep it clean!

We all must do our  
part to keep storm  
drains clean and  
free of debris.

### How can I help?

- Lawn Clippings - sweep them up or blow them into your yard
- Leaves - rake and bag them to keep them out of the gutter
- Pet Waste - regularly collect and properly dispose
- Car Washing - utilize commercial facilities or park vehicles on your lawn when washing
- Keep the lid closed on waste and recycling bins
- Dispose of hazardous materials at the proper locations
- Don't litter, collect litter if you see it
- Repair leaking vehicles, catch leaking fluids if awaiting repairs

Report illegal dumping or a spill

## South Salt Lake's Sixth Fire Chief Appointed

I was sworn in as Fire Chief on January 10, 2020. I am honored to lead this amazing group of skilled firefighters and paramedics as they serve our community. I have worked alongside them over the past 24 years and can attest to their utmost dedication to the residents and visitors of the City of South Salt Lake. Each and every day they demonstrate skill and professionalism.

Each member of our Fire Department is highly trained to provide the maximum level of service in the areas of emergency medical services, fire suppression and rescue, public safety education, code enforcement, and community

support. We continually strive to stay on top of the current and professional standards for training and education.

As always, our doors are open! Feel free to stop by your local fire station and meet the men and women of your department and take a tour of the firehouse. You can even schedule our inflatable fire safety house for your next community event! Reach out to me personally if you have any questions or concerns.

## Tips for Drivers Sharing the Road with Pedestrians

With the opening of the 1000 West Homeless Resource Center, there have tragically been three auto-pedestrian accidents on 3300 South, adjacent to the resource center. All three of these accidents were attributed to pedestrian error and were outside of the designated crosswalk at 900 West.

The City of South Salt Lake has been working with UDOT to expedite the installation of a crosswalk at the corner of 1000 West, which will be equipped with visible warning lights when activated

by a pedestrian using the crosswalk. The installation of the new crosswalk project could take up to 90-120 days to complete.

As you drive through the area of 3300 South, between 900 West and 1100 West, I ask that you take extra precautions in watching for pedestrians.

Here are some safety tips to help you avoid being involved in an automobile pedestrian accident:

Police Chief  
Jack Carruth

**Think pedestrian safety:** Everyone is responsible for pedestrian safety, not just those walking. As a driver, always be on watch for those crossing the road.

**Avoid distractions:** Distracted driving is especially dangerous; you're much less likely to notice a pedestrian if you're using a phone or texting.

**Look for pedestrians:** Always look ahead of where you are driving. If you see pedestrians gathered on the side of the road, assume they may cross. Slow down!

**Look before you turn:** Pedestrians may not always be directly in front of you, they could be in the crosswalk preparing to cross as you turn. It is always best to attempt eye contact with a pedestrian before you begin your turn.

**Follow traffic signs and signals:** Be aware of pedestrian signs and signals. Also be prepared to yield the right of way to pedestrians.

**Always give pedestrians the right of way:** Pedestrians may not always follow the rules. They may walk on a don't walk signal; they may jaywalk or dart into traffic; or they may unexpectedly appear in the roadway as they attempt to cross in an unmarked crosswalk. Be prepared to yield the right of way to any pedestrian in the roadway.

Being involved in an auto-pedestrian accident can be a very traumatic experience. In the event you hit a pedestrian, you could potentially face punishment that can include fines and the loss of your license. Plus it is a blow to many people's consciences.

If you're in an accident involving a pedestrian, call 911 immediately.

No one wants additional auto-pedestrian accidents to happen. As you drive, especially in the area of the resource center, please be aware what is going on around you – pay attention to driving conditions, other drivers and pedestrians.

## Teen Dungeons and Dragons Club

The Commonwealth Performing Arts and Youth Entrepreneurial Center afterschool program was recently awarded a Dry Creek Charity mini grant to start a Literacy through Dungeons and Dragons club for teens. This club has been wildly successful, encouraging teens to build important social and emotional skills through collaboration and game play, all while engaging in meaningful, targeted literacy-based activities. Our teens have spent hours pouring themselves into designing their own characters and battling evil monsters, while bringing their creative writing to life in the process. We have even seen some of our quietest teens come out of their shells, engaging in both the written and theatrical aspects of the club and ultimately finding their voice!
